

Lukas Weber

Frontend Engineer

lukas.weber@exampleemail.com · +49 170 1234567 · Berlin, Germany

PROFESSIONAL SUMMARY

Frontend engineer with 4 years of experience crafting scalable web interfaces. Proven track record of optimizing application state management and leading successful migrations to modern Vue.js setups.

EXPERIENCE

Frontend Engineer

Jan 2022 – Present

Berlin Digital Labs

- Led the refactoring of a major e-commerce checkout flow, reducing shopping cart abandonment rate by 8%.
- Introduced Pinia for state management, simplifying data flow across 40+ dynamic application components.
- Mentored 2 junior developers on frontend best practices, browser compatibility, and code review workflows.

Associate Frontend Developer

Oct 2019 – Dec 2021

SpreeCommerce GmbH

- Developed and maintained modular UI components for a B2B SaaS platform using Vue 2 and Bootstrap.
- Optimized web assets and bundle sizes, resulting in a 20% speedup on mobile browser rendering times.

EDUCATION

B.Sc. in Computer Science

Oct 2015 – Sep 2019

Technical University of Berlin
