

Miquel Serra Font

DevOps Engineer

miquel.serra@mail-example.net · +34 678 901 234 · Barcelona, Spain

PROFESSIONAL SUMMARY

Senior DevOps Engineer with 8+ years of experience specialized in cloud architecture, CI/CD automation, and container orchestration. Expert in managing large-scale Kubernetes clusters and reducing infrastructure costs while maintaining high availability and security standards.

EXPERIENCE

Senior DevOps Engineer

Mar 2022 – Present

CloudScale Systems

- Designed and implemented multi-region AWS infrastructure with Terraform, reducing deployment failures by 40%.
- Led the migration of 150+ microservices from ECS to self-managed Kubernetes (EKS), enhancing system scalability and resource utilization.
- Established continuous integration pipelines using GitLab CI, dropping average build-to-deploy times from 45 to 12 minutes.

DevOps Engineer

Sep 2018 – Feb 2022

Barcelona Cloud Solutions

- Automated infrastructure provisioning and configuration management using Ansible and Bash.
- Configured comprehensive monitoring stacks with Prometheus and Grafana, decreasing Mean Time to Detection (MTTD) by 30%.
- Implemented security hardening policies across cloud resources, ensuring GDPR compliance.

Infrastructure Engineer

Jul 2015 – Aug 2018

NetTech Europa

- Managed on-premise Linux servers and pioneered the initial migration phase to AWS cloud services.
- Wrote Python and Bash scripts to automate routine database backups and system health checks.

EDUCATION

B.Sc. in Computer Engineering

2011 – 2015

Universitat Autònoma de Barcelona

SKILLS

Python · Terraform · Kubernetes · Docker · AWS · Jenkins · GitLab CI · Ansible · Bash · Prometheus · Grafana
