Pol Amat i Soler

UX/UI Designer

PROFESSIONAL SUMMARY

Mid-level UX/UI Designer with 5 years of experience crafting user-centric interfaces for mobile and web platforms. Skilled in translating complex business processes into elegant, clean visual systems. Grounded in user research and rapid prototyping to continuously iterate and improve product experiences.

EXPERIENCE

UX/UI Designer

Jan 2022 – Present

AppCraft

- Redesigned the e-commerce mobile application, resulting in a 15% increase in completed checkout flows within the first quarter of release.
- Created and documented a comprehensive Figma-based design system, reducing design-to-development handoff time by 30%.

Junior UX/UI Designer

Sep 2018 – Dec 2021

DesignGenius

- Conducted 20+ qualitative usability test sessions, synthesizing feedback to iterate and improve the interface of SaaS client products.
- Produced high-fidelity mockups, responsive web wireframes, and interactive micro-animations for varied B2C clients.

EDUCATION

Bachelor in Design

2014 – 2018

Universitat de Barcelona
